

Operations and Maintenance - Questions and Answers

QUESTIONS	ANSWERS
<p>1. In the regulations, section 4970.10.1(c)(4), repaving existing parking lots is identified as a deliverable for a Ground Operations (GO) project. Would pavement sealing also qualify as a deliverable under a GO project?</p>	<p>Yes, pavement sealing relative to an existing OHV parking lot/staging area would be an eligible activity under a GO project.</p>
<p>2. Friends of Jawbone is a 501(c)(3) nonprofit organization that works with BLM Ridgecrest to staff and maintain the Jawbone Station Visitor Center. Would this staff time be eligible under the OHV grant program?</p>	<p>The staff time identified in the question could be an eligible project cost under a GO project. Assuming the staff activities were associated with the ongoing maintenance of the Jawbone Station (i.e. cleaning bathrooms, emptying trash, etc...) If only a portion of the staff time is applicable to the ongoing maintenance activities then only that portion would be eligible.</p>
