for Cooperating Associations

JANUARY 29, 2004

To: All Cooperating Associations
All CALs

- Atlas of the Biodiversity of California – A California Department of Fish and Game Publication.*** This book is a bound collection of maps, stunning photographs, and artistic illustrations – all depicting the Golden State’s rich diversity of plant and animal species. Featured articles by dozens of biologists cover many diverse species, habitats, and programs geared toward conserving and protecting the state’s wildlife and wild places. The Table of Contents and sample pages can be found on the Atlas website:

<http://atlas.dfg.ca.gov>

- This book is highly recommended as research document or an interpretive sales item where appropriate.
